FLIPPIN

everything you THOUGHT
you knew about

PAIN

It's time to change the way we think about, talk about, and treat persistent pain. A free and easy to understand public seminar introducing some of the latest, often surprising scientific understanding of pain. Flippin' your understanding of pain could be your first step on the road to recovery.

A FREE
PUBLIC SEMINAR
FOR EVERYONE

LINCOLN

SEPT
16

Thurs 16th Sept, 6:00-7:30pm

Isaac Newton Building, University of Lincoln

Book your place & find out more at:
