LIMB

PAIN

Do you get it?

OCT  
06

6:00-7:30pm | LIVE WEBINAR

Pain: It's definitely not in your head, but sometimes it's not in your limbs either... **Phantom Limb sensations affects over 80% of amputees.** Pain is complex and nothing highlights this more than the presence of pain in a body part that no longer exists. Join us as Prof Cormac Ryan explains phantom limb pain, including what it is and what we can do about it.
